TEXAS RED ANGUS NEWS

Springer Optimistic About Future Of Red Angus Business

Lyle V. Springer, secretary-treasurer of the Texas Red Angus Association of America, Denton, is highly optimistic about the near-future of the beef cattle industry in general, and Red Angus in particular, for several good reasons.

Springer pointed out that Red Angus bull sales were better than anticipated during the 1981 February through May breeding season.

"As near as we can figure, about 90% of all Red Angus bulls sold at auction went to commercial breeders, which is about the same percentage we've held for the last three or four years," he said.

"Good general rains throughout the south, southwest and up through Montana and the Dakotas, have resulted in an acceleration of herd rebuilding by farmers and ranchers — a thing which almost came to a standstill during last year's drought," he said.

"Commercial cattlemen have to buy bulls to carry on their business, and have bought about the usual numbers, but have cut back on the price because of high interest rates," he said.

"The commercial cattlemen are in-

creasingly interested in getting as much performance information as he can on the bulls he buys, so he has been showing a preference for registered bulls recently," Springer said.

He said there's been a particularly good market for Red Angus Category 13 bulls, 750 lbs. and 150 lbs. Red Angus blood, with almost all of these going to commercial cattlemen.

Finally, he pointed out, that people are going to continue to eat red meat, and with the roughage expected to be produced by farmers and ranchers who have received good moisture, they are going to put the roughage through a cow rather than let it go to waste.

"I'm not looking for a dramatic increase in numbers, but I think we'll hold our own, or maybe gain a little," Springer said.

Red Angus Convention July 13-16 in North Platte

North Platte, Nebr. — The Red Angus Association of America's 28th annual convention will be held July 13-16 at the Holiday Inn Motel in North Platte.

speakers, activities for juniors, marketing seminar, workshops and tours.

Stuph & Thangs

(CONT. FROM PAGE 1)

Special interest boys & girls have been climbin' down off their soap boxes and street corners and attractin' great media coverage, although in many cases their sermons were no more logical or fruitful than th' old time soap-boxers.

Today's special interests are still headed up in several categories like labor, businesses, consumers, farmers and women. In more recent times the accent has been on several other areas of complaint, such as, The Elderly, Environmentalists, Minorities, Abortion Activists, Atheists, and pick your own. Bein' in th' Special Interest Business has not only been to be involved in some heady news headline makin', but it has also been highly profitable.

It seems there are a lot of Americans with some amount of money to throw away who are ready & willin' to give same to these promoters. This strange behaviour aint so strange when you consider what th' Politicians have thrived on all these years, for about a

half century, which was to throw money at any problem real or imaginary that reared its head and hollered, "Gimmeo." Plain folks were not satisfied to have the politicians throw their money around, they got into th' act their own self.

It made no never mind it th' subject of controversy was a snail darter or fern, or wild jackass in th' Rockies, or a predator with a taste for lamb or calf, or someone who felt it was better to let OPEC wreck our economy than to dig for oil & gas in this country. Some of th' benighted special interests felt claims were more important than electricity for homes and businesses, and it was plumb odd th' amount of old fashioned hell they could raise in th' process. All they had to do was git some eager beaver with a T&V outlet to make a

media event out of their antics and they were off to th' races and with plenty of money to enjoy at th' same time. However, there is an undercurrent of chill on this Special Interest Business these days. It seems at about the same time th' Taxpayers saw th' light and blew th' whistle on Govmint extravagance, th' same people started to turn their heads when th' Special Interest Promoters came callin'.

This has been a revolvin' development for these fast buck boys & girls and th' shut off of funds for their games on th' part of th' Federal Govmint has been takin' hold at State & City levels, and lot of them squeaky wheels are findin' some grease hard to come by.

Now all you & me have got to do keep our eyes peeled and watch for next Big Growth Industry to develop and when we spot it git aboard early. It's th' American way, sorta like th' risin' & then th' sun settin'. It'll happen, so git ready! — Thassall, Brother! Ever Thine, Philo Editor.

P.S. Uncle Dunk says there is all reason to hope. For instance, th' Ford Auto. Co. to th' Republic of Korea, who amounted to \$2 billion over th' past 5 years under Title I & Title II ELA, has come to an end. What with Korea's exports of machinery & textiles in th' country, it was about time. However, ward they will be on a cash & carry basis for our exports. Dunk says if he really want to enjoy confusion, he might try to figger out th' problem known as Foreign Ownership of U.S. farm land. There has been considerable hullabaloo on this matter, and now, USA announced that foreigners had title to less than one percent of land. Of course, no one in his right mind would want to purchase some top show prospects.

Featured is the get and service of DMA Champ 300, "Sire of Champions," DMA Champ 531, sired by Champ 300, GP Oscar 167, son of PW Oscar 120/3, CMS.

Financing will be available. Interested persons should contact P & P Cattle Co., Box 807, Bellville, Texas 77418, phone 713/865-8616. Information 77418, phone 713/865-8616.

Red Angus Convention July 13-16 in North Platte

Lavon Sumption, director at North Platte Station, will be guest speaker.

Thursday activities will include directors and committee reports, a luncheon with Marilyn Carlson, past president of the National Cattlemen's Association as guest speaker, and a general session with caucus and election. Roger Welch from the University of Nebraska at Lincoln English Department will be the banquet speaker that evening ending the convention.

Red Angus Breeders Raise Junior Heifer Show Premiums

At their June 6 Field Day in Eagle Lake, Texas, members of the Texas Red Angus Association voted to raise the premium money for the TRAA-sponsored junior heifer shows in Houston and San Antonio.

Citing extreme confidence and pride in the Red Angus breed, TRAA

Clifford Hallmann, left, of Rowena, area director for the Red Angus Association of America, and Lou Hertenberger of Navasota, at the Texas Red Angus Field Day at Eagle Lake June 6.

members raised the first place prize money to \$100, up from \$75. Second place winners will receive \$75, up from \$50; third place will get \$50, up from \$35; fourth place will receive \$25, which remains the same from the previous premium; and the new fifth place will earn \$15. These awards will apply to four classes of heifers, as ruled by each show.

In other actions at the Eagle Lake meeting, the Texas Red Angus Association set the date for their Fourth Annual Spring Bull Sale, to be held in West, Texas on March 20, 1982. A fall meeting is tentatively scheduled for the first or second weekend in September.

Over 40 people from all over the state attended the fall TRAA meeting, which was hosted by Harrison and Dorothy Walker of Eagle Lake. President Tom Bauer expressed his pleasure at the size of the congenial crowd. Breeders were treated to a great barbecue luncheon, door prizes, and an old-fashioned hayride after the meeting.

Despite bad weather all around Eagle Lake before the meeting, the weather was warm and sunny and everyone had a wonderful time. Anyone desiring information on the Texas Red Angus Association should write or call Tim Bauer, Rt. 1, Box 486, Winnie, Texas 77405; (713) 298-2804.

And juniors, get your Red Angus heifers ready for San Antonio and Houston! The Texas Red Angus Association wants to help YOU.

On California's 12-million-ton Shasta Dam there's a plaque that reads, "U.S. Government Property. Do Not Remove."

Guerra Bros. Brahman Influence Red Brangus Sale Aug. 15 At Linn

Linn, Texas — The Guerra Bros. will again proudly host the Brahman Influenced Red Brangus Sale of the Americas II at their ranch near here on Aug. 15. The cattle will be on display all day Friday with food and refreshments and a typical Mexican-style fiesta atmosphere available from noon on. There will be an embryo transfer seminar on Friday afternoon, Aug. 14, and 4:30 p.m.

Selling will be 80 top quality lots of cattle including one-half embryo interests in five of the top Guerra Red Brangus females. These matrons are: Amazon 35/5, dam of Geronimo, a Warrior son that the Guerra's felt will be better than his sire, the great Warrior, Warrior's Princess 10/0, best Warrior heifer ever produced and featured in all of the Guerra Bros. sale advertising and out of an embryo transfer cow; 21/7, a granddaughter of the great 15/5 certified Meat Sire of Paleface Ranch who has produced more herd sires than any other Red Brangus herd bull; Miss Amazon M-11, the grand champion female of the first Red Brangus show ever held and an own daughter of the Paleface Ranch 78/1 bull; and Miss Amazon M-62, "possibly the best 7/5 daughter ever to leave the Paleface Ranch, and a model Red Brangus," Carlos Guerra stated.

"If it wasn't for embryo transfer, these cows would never be available," Guerra said. "Everyone will have the opportunity on Aug. 15 to share with us the heart of our herd."

Also available will be one-half interest in the buyer's pick of the weaned litter of full sibs to Warrior 21/4; the buyer's pick of one-half interest in the litter of 141/6 and 15/5 calves. 141/6 is Amigo "Real" dam and 15/5 is the great Paleface Ranch CMS bull.

Also selling will be top herd sire prospects by Warrior and 113/7, some outstanding Warrior pairs; 25 top Red Brangus pairs including many three-in-ones; bred cows; 25 replacement heifers including some three-quarters; and a few commercial bulls.

Everyone will also have the opportunity to invest in some of the best red nose and polled Brahman genetics available. There will be four halter-broken red nose heifers selling along with two exceptional red nose herd bull prospects. Also selling will be six Brahman cows with registerable Red Brangus calves at side; and two registered polled Brahman heifers.

"There will be something for everyone," Guerra said.

Bert Reyes of San Antonio will be auctioneer. The embryo transfer seminar Friday, Aug. 14 will feature as main speakers Dr. Sam Halley, DVM, premier embryo transfer specialist of Brahman and Brahman-blooded cattle; and David Westfall, counselor of law.

Cattle go through a lot of feed on their way from calves to steaks. And you want all that feed to translate into pounds of meat as efficiently as possible.

One way to keep your cattle healthy and gaining weight is the Stockade Livestock Feed Supplement Program. It's a complete program that gives your cattle all the needed protein, medication, vitamins and minerals — especially minerals, so vital to weight gain.

But Stockade is more than just a supplement. It's an entire nutrition program that spells out exactly the types and quantities of feeds that will give you the best results.

sale will receive our prompt
attention.

All cows will come through the ring with calves at side so you can see
the calf they produced. This is a herd of good producing horned Here-
ford cows — your opportunity to purchase females and herd bulls that
would not be offered for sale except in a complete dispersal.
